Considerable attention is given to India, where natives are seeking to take advantage of England's army commitments elsewhere to secure independence.

What You Buy With WAR BONDS

Winter flying jackets for both the Army and Navy Air Corps are regular equipment for our aviators. They cost from \$12 to \$18 and are made of horsehide leather lined with sheep shearing.

Purchase of one \$13.75 War Bond, for which you receive \$25 in 10 years, will pay for one of these jackets so necessary for our aviators flying at high altitudes and in northern climes. So you and your neighbors can do your bit by investing at least 10 percent of your salary every pay day in War Bonds to help pay the cost of this equipment for intrepid American flyers. Join the parade, and help top the War Bond Quota in your county. U. S. Treasury Department
